# PARENT OBSERVATION WEEK 2011

NOVEMBER 14-19, 2011

## 2012 PERFORMANCE THEMES!

One of the most exciting highlights of the season is the year-end performance. Performing is a special opportunity for DDC&G students to express themselves and show off all they've accomplished through the year.

At DDC&G, year-end performances are more than a recital: students are part of a production...they learn to perform as professionals, and as a supportive cast/team member. Where dance and gymnastics are individual pursuits, performing as a class is a team effort.

All families have the option to perform! If it is not right for your family, please leave a written note in the office. Your child will continue to be a valued member of the class, and will learn the performance piece along with

all the benefits and skills that come from performing!

## COLLECTING FOR PROJECT-OPENHAND

Each year, our Nutcracker performance is intended to extend charity throughout the community. We fulfill this intention in a variety of ways including performances at urban schools, nursing homes and fundraising. We are excited to support Project OpenHand-Columbus for the second year in a row.

Project OpenHand-Columbus is sponsored through Life Care Alliance and is dedicated to meeting the nutritional needs of men, women and children living with HIV/AIDS in central Ohio. We are going to focus on the children of these families who often do not have the most basic essentials most of us take for granted.

There are currently 250 children from birth through high school age being served by this program. Our goal is to give each of these children a gift this season with some of the essentials they need. Our Nutcracker performers have already started preparing this gift by decorating 250 bags!

### *We need your help to fill those bags!*

Please shop using the lists below. You can bring items to DDC&G now through Saturday, December 3rd. Collection boxes are located in each lobby.

No time to shop? Cash donations are accepted in the office. Each bag we fill will contain approximately \$25 of essentials so all contributions are appreciated.

We are also collecting gently used coats, hats, scarves, and gloves. Please launder these items. We are unable to accept donations of stuffed animals this year.

*Thank you for your generosity and sharing the spirit of the season!*
